

# GUANGZHOU GREAT YEAR LASER TECHNOLOGY CO., LTD.

No. 22, Caotang 1 Road, LongGui Area, Baiyun, Guangzhou, China 510445  
Tel: 86-20-22096335 Fax: 86-20-86278927 Mob: +86 135 7034 5374

## QUOTATION

Mr.Corneliu Petreanu From S.C. Holding Bit Telecom srl.

Date: OCT 30,2019

Model Number	Machine Picture	Fiber Laser	Volume (m3)	Remarks	Unit Price (FOB Guangzhou)
FW1000 Fiber laser welding machine		Raycus 1000W	2.1	Laser Welding	19,800USD

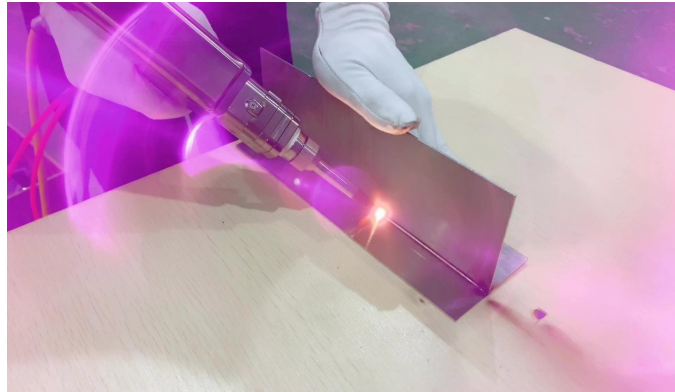

### 1.MAIN CONFIGURATION:

Main Items	
Machine	GYC Laser
Laser Source	Raycus 1000W
Control System	WSX
Laser Head	WSX
Chiller	GYC Laser

**Note:** If there are any requirements to change any configuration, please let me know and we will quote the price according to your requirement.

### 2. TECHNICAL PARAMETER:

Series	Parameter
1.Wave Length	1070nm
2.Cable Length	10M
3.Work Way	Continuously/Modulated
4.Speed Range	0~120 MM/S
5.Working Temperature	15~35°C
6Working Environment Humidity	<70% Without condensation
7.Weld Thickness	0.5-3mm
8.Weld Beam	≤0.5mm
9.Working Voltage	AV220V

## FIBER LASER WELDING MACHINE GY-1000LW Raycus 1000W

**3. APPLICABLE INDUSTRY:** Metal Welding, Manufacturing of Electrical switches, Elevator manufacturing, Household appliances manufacturing, Kitchenware manufacturing, Processing tools, and other machinery manufacturing and processing industries.

**4. ADVANTAGES OF LASER WELDING**

- \* The welding speed is 2-10 times faster than the traditional welding speed. It can help you to save at least two welders a year.
- \* Laser welding consumes less material and has a long life.
- \* Easy to operate, no need welding work license, the newcomer can also weld products beautifully.
- \* The welding seam is smooth and beautiful, which reduces the subsequent grinding process and saves time and cost.
- \* No deformation, no welding scar, welding firmly.
- \* Safer and more environmentally friendly.

**5. PACKING WAY:** Plywood Case

**6. PRICE TERMS:** FOB GUANGZHOU

**7. TERMS OF PAYMENT:** T/T, 30% in advance, balance before shipment.

**8. TRAINING:** Our company offers local Installation and Technical training if you pay the round tickets, Visa accommodation. And you are welcome to our factory for free training.

**9. DELIVERY TIME:** within 1 months upon payment of deposit.

**10. MOQ:** 1 set.

**11. The machine working in Customer's workshop:**
